

A Trailblazer In The New Millennium

Nassau County Legislator Peter J. Schmitt, the Republican Minority Leader of the Legislature, named Norma Recco as the Trailblazer in the New Millennium for the 12th Legislative District. Recco was honored as part of Women's History Month. "Norma Recco started Recco Health Services on a shoestring and a dream," said Legislator Schmitt, "From that day, Recco Health Care has emerged as the premier service of its kind serving Nassau, Suffolk, the City and Westchester without ever losing the personal touch." In awarding a Special Legislative Citation, Schmitt said "Not only has Norma made a success of her business, she also maintained a strong community base, serving as President of the Massapequa Chamber of Commerce. It is my privilege to honor Norma Recco."
